What is Lourdes all about?

St. Bernadette felt inspired by a vision of the Virgin Mary to seek what was a common practice – the existence of a spring or well, Many of which throughout the world have been life-saving, or at least a natural source for people, animals and crops. Today, that source of water has dominated a pilgrimage town below the Pyrenees, frequented by many disabled and sick, along with their carers and medical and nursing staff. It is very Catholic, and the liturgy is celebrated well.

Easter Week, the better weather of the summer, and some feast-days see many thousands come to pray, with the petitions of many more. This is, of course a focus on Our Lady and it is good to understand better her place in the life of the Church and man's salvation. I commend everyone to make one trip there in their lifetime, and a great opportunity for the young people (16 and over) who come to assist. In time, maybe every country has its special places of devotion to Our Lady – for us in Northern Europe, it is Lourdes: come and see!

(I received the Anointing of the Sick during my recent stay there)
